Faculty of Agriculture

5th NSA

2022

**Eastern University,
Sri Lanka**

**CALL FOR EXTENDED
ABSTRACTS**

**5th National Symposium
on Agriculture
(Virtual Symposium)**

*"Ensuring Food Security Through Smart
Agriculture"*

9th March, 2022

About the Faculty

The Faculty of Agriculture is one of the oldest Faculties of the Eastern University located at Palachchola, Kaluwankerni. The Faculty comprises six Departments, Over 40 academic staff and around 250 students. The Faculty at present offers Bachelors of Science Degree in Agriculture. In addition, the Faculty offers postgraduate degrees leading to MSc in Agriculture, MSc in Food Processing Technology, M.Phil and PhD degree Programmes. During the entire history, the Faculty had maintained uninterrupted, intense and sustained activities committed to the course of promoting the application of Agriculture Science for the benefit of the nation and the region as well. The faculty expected to serve as a catalyst for the agricultural and socio-economic development of the region for teaching and research purpose and for the issue of planting materials, livestock products and breeding stock of farm animals to the public and plays a vital role in the upliftment of the socio-economic standards of the predominantly rural population.

About the Symposium

The Faculty of Agriculture, Eastern University, Sri Lanka welcomes you to the 5th National Symposium on Agriculture (5th NSA- 2022) under the theme of “Ensuring Food Security Through Smart Agriculture” on the 9th March, 2022. The Virtual Symposium is designed with the objective of delivering physical symposium experience via virtual mode by maximizing the opportunities to discuss achieving food security through multiple smart agriculture applications. The 5th NSA- 2022 takes the privilege to invite researchers, agriculturist, policy makers, engineers, economist, young budding scientist, and all other enthusiastic participants to exchange their experiences, novel ideas and research findings in all aspects at this national forum with nationwide experts and to discuss their practical challenges encountered and solutions to be adopted to battle against uncertainties with technological adaptations.

Benifits of Virtual Platforms

- One-day symposium with virtual access to all technical sessions
- Present and share your research work via the online platform Zoom
- Attend to the other presentations and join the Q&A Session with audience at real time
- Interact and receive feedback from other participants and experts
- Evaluation of presentation by a panel of experts
- Obtain symposium materials including proceedings via post/courier after symposium

Theme of the Symposium:

“Ensuring Food Security Through Smart Agriculture”

Symposium Tracks

- Agribusiness Management and Farm Extension
- Agricultural Engineering Technology
- Crop Production and Crop Protection Technologies
- Climate Change and Disaster Management
- Information Technology in Agriculture
- Precision Agricultural Technology
- Geospatial Technology for Agriculture
- Food Nutrition and Value Addition
- Livestock, Fisheries and Aquaculture
- Soil, Water, Environment and Waste Management

Important Dates

Calling for Extended Abstract	: 30 th September 2021
Submission of Extended Abstract	: 31 st December 2021
Notification of Acceptance	: 20 th January 2022
Final Submission of Extended Abstract	: 01 st February 2022
Last date of Registration	: 10 th February 2022
Submission of Presentation	: 15 th February 2022
Symposium Day	: 09 th March 2022

Paper Submission:

We would like to invite you to submit your research/review paper/s for 5th National Symposium on Agriculture (NSA-2022). The symposium language would be English. Authors are kindly advised to follow author’s guidelines for the preparation and submission of Extended Abstract. Extended abstract could be submitted via e-mail (nsa2022@esn.ac.lk) with author declaration form.

Publications

Proceedings of Abstract

All the extended abstracts submitted to Virtual symposium on 5th NSA 2022 will be subjected to double blind peer review process and abstract of all the accepted papers will be published in the Proceedings of Abstracts and will be uploaded on the website.
